

Daymap Parent Portal

Daymap Parent Portal is how families can access important information about their student's schooling, including assessment tasks and grades, subject due dates, homework and attendance. You can also check your student's progress.

Access the Parent Portal

Click <https://gihs.daymap.net/daymapconnect> or visit the Daymap section on our website <https://gihs.sa.edu.au/families/daymap/>

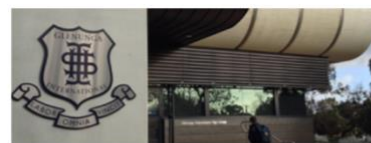

Please note, your email is not your username.

Logging in for the first time

1. The first time you log in, you need:
 - your email address that is registered with the school, and
 - your student's ID number. You can find this on their student ID card.

As your Daymap account is connected to your email address, it is important you keep your contact details up to date with the school.

2. On your screen, click 'Can't access your account?' (see red box to the right)
3. On the next screen:
 - a. Enter the same email address that you have provided to the school.
 - b. Enter your student's ID number. If you have multiple students, just enter one student number.
 - c. Click 'Reset Password'. You will receive an email from GIHS with your username (see green box below) and a link to set a new password (see orange box below).
Your username is not your email. See example below.
 - d. The email link is only valid 24 hours. If you do not update your password in that time, you will need to complete the above process again.
 - e. If you don't receive the email, check your junk, spam or promotions folders, then contact Student Services.
